EDU MANAGER

Education Management Software is a popular Enterprise Resource Planning (ERP) system which integrates all data and processes of an educational institution into a unified system. EDU MANAGER is a comprehensive Education Information Management Software used by colleges, schools and other educational institutions to streamline their entire organization and functioning. It provides technology solutions for better education management, thereby leveraging IT for efficient management of academic institutions.

The administration of educational institutions is a tough and demanding one. It involves the collecting, storing and sharing of mounds of data, which is a laborious and tedious task. It is also time consuming and prone to human errors when it is done manually. Worse still, retrieving a particular data can be a pretty grueling and taxing thing

Developed in close coordination with educationalist after an in-depth analysis of the requirements of educational institutions, EDU MANAGER provides all that you need for the smooth functioning of the institutions. It is a comprehensive, all-encompassing college management system, which connects all the departments and processes of an institution in a single-point integrated platform. This single point integrity makes maintaining, updating and retrieving of data real easy. EDU MANAGER is all-inclusive college management software that covers each and every activity of college management and helps you organize the various aspects of college management smoothly.

It includes the maintenance of Student Records- academic, extra curricular activities etc., Admission/Registration processes, Fee Collection Records, , Attendance of Students and Staff-both teaching and non-teaching, Examination Management, Maintaining Grades and so on. It also takes care of Financial Management, Payroll Management, Library Management, , Transport Management, etc.

EDU MANAGER is a flexible model which can be used not just for colleges, but for schools and other educational institutions too. Not just the administrators, but teachers, students, parents, and everyone involved benefits from it. With EDU MANAGER you don't have to grapple with the difficult, cumbersome and time consuming task of managing records as it reduces, if not eliminates, paperwork

The automation of information management saves resources, man-hours and money - the time and resources which could be spent on more important tasks. Timely & accurate data plays a crucial role in making sound policy decisions. As you have quick and easy access to up-to-date information, EDU MANAGER also helps improve strategic decision making in your institution.

By automating the administrative tasks, EDU MANAGER helps in the day to day administration of the institution, and improves efficiency in working, and the way a college functions. A number of educational institutions have reaped the benefits of our EDU MANAGER which effectively brings information technology and management of education together.

ADDITIONAL FEATURES

GSM SUPPORT

WEB SUPPORT

Modules

- Basic setting module
- Admission module
- Fee module
- Student's academic module
- General inventory /expense module
- Staff payroll/staff module
- Accounts
- Report
- Library
- Search
- Back up and restore

BASIC SETTING MODULE

Academic year setting

Current academic year

Class registration

Subject registration

Practical subject registration

Bank registration

Bus registration

ADMISSION MODULE

- LKG and UKG admission
- Secondary admission
- Higher secondary admission
- Class promotion
- Transfer certificate issue
- Admission register

FEE MODULE

- Fee settings
- Mode/installment settings
- Fee payment
- Fee return
- Bus fee setting
- Bus fee payment
- Bus allocation for students

STUDENT'S ACADEMIC MODULE

- Class wise subject details
- Optional subject registration
- Evaluation head registration
- Class wise mark entry
- Evaluation forward
- Student's attendance
- Subject percentage report
- Subject average
- Class average

GENERAL INVENTORY/EXP MODULE

- Supplier registration
- Item registration

Purchase

Supplier accounts

Supplier payments

Sales

Sales register

General expense entry (single entry system)

STAFF PAYROLL

Staff registration

Experience registration

Certificate registration

Salary settings

Leave settings

Staff remarks

Salary bill/pay slip

Staff reports

ACCOUNTS MODULE

Accounts group registration

Accounts head registration

Journal entry

Journal edit

Student ledger

Ledger

Day book

Trial balance

Payment and receipt accounts

Expenditure and income accounts

Balance sheet

REPORT MODULE

- Student's wise report
- Class wise report
- Year and class wise report
- Student attendance report
- Inventory report
- Sales report
- Purchase report
- Stock report
- Other income and expense
- Income and expense report
- Fee payment report
- Fee daily collection report
- Fee return report
- Bank transaction report
- Salary report
- TC report
- Evaluation report
- Class wise mark list
- Students wise mark list
- Students report category wise
- Van report

Etc ………….

LIBRARY MODULE

(Barcode supports)

In the library software module there is two types of users one is administrator and other is user. User has only option for checking the availability of the books(book search).

Following are the option for the administrator

- Member registration (direct upload from admission or staff registration)

Book entry

Category wise number of books issue settings

Fine settings

Book issue

Book return

Fine calculation/fine payment

Search by book

Search by member

WEB BASED MODULES

PARENTS MODULE

This Module builds relationships and enhances communication among parents, teachers and schools. Now parents can take an active role in their child's education by communicating with their school and staying current with real-time access to grades, attendance, schedules and other activities. Now Parents also can find links on other topics related to School Updates and Announcements, Classroom activities, Newsletters etc.

The Parent module has different sectors as below

Secured internet Access

Student Bio Data

Attendance Report

Leave Apply / Details

Scheduled Holidays

Fees Details

Fees Payment (Optional)

Exam Details

Result Reports

Communication with Management

Consolidated Student Reports

Parents can access the data from the sever with more secure

Can look only at their kids performance

MANAGEMENT MODULE

Management can maintain all individual details in single centralized database, but still have their own instance. This is huge savings in terms of maintenance, power, support issues and accessibility. Management can host, back up and retain support for this software on EDU MANAGER through professionally managed data centers and high end servers.

The Management module has different sectors as below

Student Search

Staff Search

Consolidated Student / Staff Reports

HR Management

Pay Roll

Inventory

Accounts

Asset Management

Transport Management

Administrative Control

Labor Management

Vehicle Management

Information Tracking System

Search based on Name

Search based on admission no

Class wise search

Toppers Search

Weak Students search

Etc...

We look forward to having the opportunity to

serve you soon . . .
