EDU MANAGER

College Automation Software is a popular Enterprise Resource Planning (ERP) system which integrates all data and processes of an educational institution into a unified system. EDU MANAGER is a comprehensive Education Information Management Software used by colleges and other educational institutions to streamline their entire organization and functioning. It provides technology solutions for better education management, thereby leveraging IT for efficient management of academic institutions.

The administration of educational institutions is a tough and demanding one. It involves the collecting, storing and sharing of mounds of data, which is a laborious and tedious task. It is also time consuming and prone to human errors when it is done manually. Worse still, retrieving a particular data can be a pretty grueling and taxing thing

Developed in close coordination with educationalist after an in-depth analysis of the requirements of educational institutions, EDU MANAGER provides all that you need for the smooth functioning of the institutions. It is a comprehensive, all-encompassing college management system, which connects all the departments and processes of an institution in a single-point integrated platform. This single point integrity makes maintaining, updating and retrieving of data real easy. College Automation Software is all-inclusive college management software that covers each and every activity of college management and helps you organize the various aspects of college management smoothly.

It includes the maintenance of Student Records- academic, extra curricular activities etc., Admission/Registration processes, Fee Collection Records, , Attendance of Students and Staff-both teaching and non-teaching, Examination Management, Maintaining Grades and so on. It also takes care of Financial Management, Payroll Management,, Transport Management, etc.

College Automation Software is a flexible model which can be used not just for colleges, but for schools and other educational institutions too. Not just the administrators, but teachers, students, parents, and everyone involved benefits from it. With College Automation Software you don't have to grapple with the difficult, cumbersome and time consuming task of managing records as it reduces, if not eliminates, paperwork

The automation of information management saves resources, man-hours and money - the time and resources which could be spent on more important tasks. Timely & accurate data plays a crucial role in making sound policy decisions. As you have quick and easy access to up-to-date information, College Automation Software also helps improve strategic decision making in your institution.

By automating the administrative tasks, College Automation Software helps in the day to day administration of the institution, and improves efficiency in working, and the way a college functions. A number of Colleges have reaped the benefits of our College Automation Software which effectively brings information technology and management of education together.

ADDITIONAL FEATURES

GSM SUPPORT

WEB SUPPORT

Modules

- Application and Rank list module
- Admission module
- Fee module
- Student's academic module
- General inventory /expense module
- Staff payroll/staff module
- Accounts
- Library
- Report
- Search
- Back up and restore

APPLICATION AND RANK LIST MODULE

Academic year setting

Current academic year

Course registration

Subject registration

Practical subject registration

Reservation Category Registration

Marks Weightage Registration

Appllication Registration

Index Mark Calculation

Rank List Publishing

Bank registration

Bus registration

ADMISSION MODULE

Students admission

Class promotion

Transfer certificate issue

Admission register

FEE MODULE

Fee settings

Mode/installment settings

Fee payment

Fee return

Bus fee setting

Bus fee payment

Bus allocation for students

STUDENT'S ACADEMIC MODULE

Course wise subject details

Optional subject registration

Evaluation head registration

Course wise mark entry

Evaluation forward

Student's attendance

Subject percentage report

Subject average

Class average

GENERAL INVENTORY/EXP MODULE

Supplier registration

Item registration

Purchase
Supplier accounts
Supplier payments
Sales
Sales register
General expense entry (single entry system)

STAFF PAYROLL

Staff registration
Experience registration
Certificate registration
Salary settings
Leave settings
